HANDMADE IN AUSTRIA

Local Value chain **DESIGN AND QUALITY**

We promise You and our suppliers 100% fairness. All our worker are from area Graz/Austria +/- 100km and we produce all our chairs there. Sure we use medical grade Electronics- mostly made in Taiwan/China/France, but there is no other way. Even these companies are certified and pay a fair salary.

The design is timeless and should cover all your needs. Each chair is controlled by our Staff and after all testings packed and shipped.

Quality: we only use the best materials- wood- vinyl (automotive/medical grade) screws, stainless steel bolts, steel, welding so we can assure the quality is always near to 100%.

Developed by Reini

"TINTENKILLAH"

After years of nothing suitable in the market "Reini" decides to develop a new solution to remove TATTOO INK from most surfaces.

This "Tintenkillah" is a special cleaning solution for vinyl and plastic surfaces. Cleans and nourishes the surface and protects against oxidation, dehydration and hardening. Removes tattoo paint and other impurities and leaves a protective film on the vinyl.

The New "Tintenkillah" 100% will be introduced soon-
advantages: the Standard consists 2/3 Cleaner 1/3 Care.
The 100% is pure cleaner- even works on Furniture's but
also on Clothes
